

Integrated Service Package (ISP)

Maintenance and Wear & Tear package

The maintenance and wear & tear package covers inspection, MOT at year 3, if relevant, and maintenance work within **the first service**, including the wear and tear parts. It is valid for **3 years**, or upon reaching the mileage of 30,000 miles, whichever occurs first.

Roadside Assistance (RSA)

ISP enables **renewal of RSA**. As the first service at smart Authorised Service Partner is included, the prolongation to the next due service is given.

RSA is valid from the initial registration date to the first due service, up to 8 years / 100,000 mi if serviced at smart Authorised Service Partner.
